

Round 464

DRAPED CURTAIN SYSTEM USED FOR SEPARATING AREAS. SUITABLE FOR SHOWERS AND FOR PROFESSIONAL AND HOSPITAL ENVIRONMENTS

The special round shape makes it aesthetically pleasant.

The curtain opening can be central, lateral, multiple or asymmetric.

The system is suitable for ceiling and wall installations and free hanging ones using specific hangers, with exposed track.

The system allows tracks curved through 90° or with wide radius centring to be installed.
