

Rollbox 365-385-3115

ROLLER BLIND PROGRAM WITH BOX AND SIDE GUIDES FOR DIMMING, FILTERING AND REFLECTING USE

System suitable for indoor and outdoor use. Standard (art. 8234) and maxi (art. 1765) winch operation.

Aluminium alloy boxes of:

Rollbox 365 - 65x74,3 mm

Rollbox 385 - 85x102,2 mm

Rollbox 3115 - 115x136,5 mm

Gear operating allows the use of blinds up to 10 kg.

The blind can be stopped in any position.

Ceiling or wall installation.

The three versions are fitted with an inspectable box for blind maintenance.

The aluminium side guides are available in W of 55-65-80 mm.

The three systems can also be used without side guides or with guides with a coated steel cable (385/3115 only).

The Rollbox 385 and 3115 systems are also available in the version with lateral WPRO side guides.
